M. E. CONFERENCE NOW IN SESSION

At Trinity M. E. Church—This Evening Dr. Wright of Italy Will Speak on "The World Crisis" and the Public is Invited.

The Kingston District Conference of the Methodist Church is in session this afternoon at Trinity M. E. Church, and will remain in session Thursday.

This evening Dr. Frederick H. Wright of Italy will deliver an address on "The World Crisis," and the general public is invited to attend. The Rev. Dr. R. E. Bell, district superintendent, is in charge of the conference, and there is a large attendance of delegates.

Many important matters relating to the district were taken up at the business session this afternoon.

Dr. Wright, who speaks this evening, was a missionary in Italy for 12 years and served as pastor of the M. E. Church in Rome. He is now located in New York city.

IRELAND, CATHOLIC VETERAN, DEAD

By Telegram to The Freeman.—St. Paul, Sept. 25.—Archbishop John Ireland, veteran of the Catholic prelates of America, is dead. The end came at 3:55 o'clock this morning after eighteen hours of unconsciousness.

For several days the archbishop had been kept alive only by the administration of oxygen. Since before noon yesterday he had been unconscious. In his last hours of consciousness he had experienced no suffering and death came quietly.

Archbishop Ireland gained the name of "The fighting priest" in the Civil War, a name that clung to him throughout his years of service in his church. He was 80 years old and had been archbishop of St. Paul for thirty years. Had he recovered from his long illness, he probably would have been named cardinal as successor to the late Cardinal Farley of New York, as he had been a candidate for the red hat three times, and was the dean of American archbishops.

No arrangements for the funeral had been made at an early hour today.

ULSTER'S WAR WORK QUOTA \$105,000

This Will Be Raised in County During Week of November 1 for Organizations Carrying on War Work—Government Fixes Quotas.

Ulster county's quota to be raised during the week of November 1 for the various organizations carrying on war work has been fixed at \$105,000 at the United War Work Conference held the first of the week in Syracuse.

Kingston was well represented at the conference. Mayor Canfield represented the Y. M. C. A.; Harry P. Dodge the Y. W. C. A. and Associated Libraries; John E. Mahar the Knights of Columbus; Frank Forman the Jewish Welfare Society; Herbert Carl the War Camp Community; Secretary Sydney Hudson the Chamber of Commerce; Frank B. Mathews the Salvation Army; and Secretary F. L. Thornberry the local Y. M. C. A. was also present. He is the campaign director of the Hudson Valley district.

This \$105,000 to be raised in the campaign will be divided among the various war activities, the quotas of which are fixed by the government. The conference in Syracuse was attended by about 600 delegates, and the best of feeling was shown among the various interests represented. The conference was held at that time for the purpose of preparing preliminary plans for carrying on the campaign, as the government has requested that no large meetings be held during the fourth Liberty loan drive.

It was suggested at the conference that similar conferences be held later in the various counties represented.

To Form Class in Dietetics.

Miss Lampman, R. N., announces that a Red Cross Class in dietetics will be organized at the Y. M. C. A. on Friday evening of this week at 7:30 o'clock. The instruction will be given at the high school under Miss Davis, of the Home Economics Course. This will offer an opportunity for women to secure a practical education in the work in life which is essentially the woman's job. At the same hour and place, Friday evening at 7:30 o'clock, at the Y. M. C. A., a new class in Elementary Hygiene and Home Nursing will also be organized.

New Boy Scout Troop.

Late last week Scout Executive Birchler went to West Park and formed a Boy Scout Troop 1. This troop, of which Mr. Birchler will for the time being act as master, was taken bodily from a boys' club which has been established and in live operation there for three years, under the efficient and sympathetic leadership of a young woman living in West Park.

Warm Spell to Follow Frost.

There was a heavy frost last night, the first this autumn and is said by older residents who keep track of the weather to indicate warmer weather for October and the coming of Indian summer. Householders and merchants who have furnaces to feed with coal are hoping the indication is a true one and will be pleased should a spell of warm weather come for two months at least.

Long Logged Men Get Busy Now.

Curtailment of the manufacture of bicycles and accessories was announced Tuesday at Washington by the war industries board. Men's bicycles are to be made hereafter only in 20 and 22 inch frames and women's models only in 20 inch frames and the manufacture of racing and juvenile models, steel guards, tool boxes, metal stands and metal tanks is discontinued entirely.

JOHN E. NOONAN KILLED IN ACTION

"Goodbye Boys Give Them Hell For Me" His Last Words—First Co. M Man Killed—Boys Formed Compact to Notify Parents if Anything Happened.

PRIVATE JOHN E. NOONAN.

"Goodbye boys give them hell for me," were the last words said by Private John E. Noonan of Company B, 107th Regiment, as he lay dying from wounds inflicted when a shell burst in the trench. He lived just eight hours after being wounded. Private Noonan would have been 21 years old if he had lived until the first of November. He enlisted and went away with Company M when it left Kingston, and was later transferred. His company went across in April, and were in the trenches in August.

Word of Private Noonan's death was received in Kingston several days ago, but as no word was received from the war department it was thought to be false. Finally Tuesday afternoon the war department was telegraphed to and asked to confirm or deny the rumor, and three hours later Mrs. Noonan received word that her son had died from wounds received in action on August 13 of this year.

Son's Chum Wrote.

Mrs. Noonan also received a letter from Private William Jordan of the same company, and her son's chum, who wrote that Noonan and he had agreed to notify their parents if anything happened to either one of them and that was the reason he wrote.

Jordan's Letter.

The letter written by Private Jordan to the dead hero's brother, Francis, reads as follows: "I do not know how to start this letter and it is the hardest letter that I ever had to write. So please excuse writing and all mistakes for I have the blues. I suppose you have heard from Washington about your brother dying. I would never write this letter to you if I did not promise him before going in the trenches.

"He and I had made up our minds to let our people know if anything happened to either one of us. But little did I think I would write soon. I know it is hard for you and the family. Your brother and I went to confession the night before our regiment went in the trenches. Just before going in the trenches he and I went and received Holy Communion.

"That same day he was wounded from a piece of shell. He lived just eight hours after he was hit. He talked to some of the boys before he passed away. You can always be proud of him. I know the Kingston boys are, and so is all the men in the company.

"Well I am now going to tell you his last words. He said, 'Goodbye boys give them hell for me.' He closed his eyes and he called your name. He died on the 16th of August and he was buried on the 18th of that month. I helped to dig his grave, and seen that everything was right. There was no priest around and I asked them if they would wait a few minutes.

"I found an English Roman Catholic priest, and got him to say the services before they laid him away. He was buried just the same Jack if he died at home, so you and your family need not fear. If I were you I would not let your mother see this letter, Francis. I do not know if I have done right in sending you this letter, but we promised each other and God knows if I have done right or wrong.

"I would love to tell you where he is buried, but I do not think I can. So you know on what street the Washington Hall is now. If you want to know anything you can write and I will be glad to tell you anything. So I will close my letter now, so goodbye and may God bless your mother and father and family."

Signed, "Private William Jordan, Company C, 107th Infantry, American E. F. France."

"He Was a Good Boy."

"He was a such a good boy," said Mrs. Noonan this morning through the tears that rose unbidden to her eyes, and then she broke down, but with pride of her son's courage glow. She was determined to enlist. "Nothing would keep him home," said his mother, "and I know he gave his life in a righteous cause. It only seems but yesterday when I had him on my lap."

She said that Jack wrote such cheery letters back home, and was a gallant death.

BALKAN AND PALESTINE VICTORIES LOOM LARGE

Whole Bulgarian Front Now Fleeing and Orient Railway May Be Cut --Gains Slow on West Front-Turk Holy Land Forces Demoralized.

The whole Bulgarian battle front in the Balkans is now in retreat. With the invasion of Bulgaria by Allied cavalry the first definite move is made towards cutting the orient railway, the only direct line of communication linking up Turkey with the Central Empires.

The Allied forces are moving up on Strumaitza, which is only ninety miles from this railroad.

The Allies struck first at the center of the Bulgarian front and it was there that the greatest progress has been made. It was estimated this afternoon, unofficially, that the Allied advance now totals well over sixty miles and the advance continues, especially in the Vardar river valley.

Following the capture of Prilep by the French, the Allied forces are now moving on Veles. This city, together with Ishib, are now the two main objectives of the Allies.

On the western front the British have made a new gain in their flanking movement against Cambrai and St. Quentin, but progress is necessarily slow, due to the tremendous obstacles which have to be overcome.

There is violent artillery duelling on the Meuse front, where Americans began their offensive. The great American drive has struck fear deep into the hearts of the German soldiery. The Germans are "jumpy," which is shown by their bombardments of all the areas behind the American front.

Aside from cannonading only patrol encounters have taken place on

the American sector during the past 24 hours.

Nothing of special importance has taken place on that part of the western battle front held by the French. So rapid was the advance of the British in Palestine that a pause was necessary in order to allow guns and supplies to be moved up into the new positions. British cavalry, however, is maintaining steady pressure against the Turks and the number of Turkish prisoners is increasing constantly.

In addition to the annihilation of two Turkish armies, the balance of the Turkish forces in the Holy Land have been demoralized.

Chief interest today centered on the military situation in the Balkans. The magnitude of the debacle which fell upon the Bulgarian army grows hourly. The whole Bulgarian force has been split up by the Allied advance and German reinforcements are being defeated as quickly as they are thrown into battle.

The morale of the Bulgarian soldiers is very low and great numbers surrendered without attempting any defense.

The German alliance has begun to totter under the staggering blows which are being struck in the Balkans and in Turkey. It is believed that the pressure which General Foch first unleashed on the western front and then extended to Macedonia and Turkey will be continued even into the winter.

If such is the case it would mean tremendous handicaps in the Balkans for the Allies are getting farther and farther from their base of supplies at Salonika and all the necessary war materials must be carried over bad roads through the Balkan mountains.

EVERY ONE URGED TO CONSERVE COAL

The National Retail Coal Merchants Association, of which Frank R. Powley of the Kingston Coal Company is a member, has sent out a general request to the consumer to use every effort to conserve the coal supply.

The open letter to the consumer reads as follows:

To the Consumer:—We feel sure that you wish to do your share of the war work, and the most important of this work just now is economizing on coal. The welfare of a community is dependent upon each individual citizen, and we therefore ask your co-operation in this to the greatest possible extent.

In order to do this we ask that you refrain from using coal in furnaces or stoves entirely at least until the first of November and longer if possible, using wood when a fire is necessary.

Fuel administrators and committees are the local representatives of the United States fuel administration. It is impossible for them to be in all the homes all of the time. Will you, therefore, be a representative of the United States fuel administration in your own home, and do this work cheerfully as part of your war work? The demand for coal is much greater than the supply, and if such suffering, sickness and discomfort is to be avoided, the most stringent economy in the use of coal must be practiced by everyone.

Our Growing Population.

By Telegram to The Freeman.—Washington, Sept. 25.—With an overnight impetus such as no other popular movement in this country has ever witnessed, the plans for the fourth Liberty loan campaign, which starts on Saturday, swept everything before them throughout the United States today.

Echoes of Secretary McAdoo's stirring speech to the loan workers in New York last night, reverberated in thousands of messages that poured into Washington today.

With a minimum request for six billions of dollars, the campaign will endure for only three weeks but Secretary McAdoo and his vast army of assistants, volunteer boosters, four minute men, visiting squads, canvassing committees and the managers of countless thousands of meeting places, theaters, churches and halls will make the campaign up in "big time."

The loan will bear four and one-fourth per cent interest and will run for twenty years.

The bonds will be issued in denominations of \$50, \$100, \$500 and \$1,000 and will be sold on installment payments, ten per cent to be paid at the time of subscription. The campaign will close October 19.

The allotment for the New York Federal Reserve Bank zone is \$1,500,000,000.

First Co. M Man To Be Killed.

Private Noonan is the first Company M man to be reported killed in action. The army flag has been placed at his feet in memory of his gallant death.

LABOR BUREAU NOW OPEN FOR BUSINESS

The United States Employment Service has opened an office in this city in the Crispell building, corner Broadway and Field Court, in charge of W. E. Simmons of Albany avenue, chief examiner, and Mrs. Laura MacMillan in charge of the woman's department.

The office is located on the ground floor of the building, in what was formerly a saloon, and lately has been used as a billiard parlor and the work of listing unskilled labor has been started. Miss Aurea Kelly, formerly stenographer for the Social Service Bureau, is now stenographer with the Labor Bureau. It is expected that later another appointment will be made.

Under orders from the government no factory may advertise for unskilled labor without first securing a permit which is issued by this local office. Any one in need of unskilled labor should apply to the office.

Tuesday a number of men and women called at the office and enrolled for work in unskilled positions. Later it is expected that the office will also be able to furnish skilled labor.

PLANS COMPLETE FOR FOURTH LOAN

By Telegram to The Freeman.—Washington, Sept. 25.—With an overnight impetus such as no other popular movement in this country has ever witnessed, the plans for the fourth Liberty loan campaign, which starts on Saturday, swept everything before them throughout the United States today.

Echoes of Secretary McAdoo's stirring speech to the loan workers in New York last night, reverberated in thousands of messages that poured into Washington today.

Arkins is Chairman.

D. G. Arkins has been appointed chairman of the county for War Camp Community Service, by Hon. Henry D. Miles, the state chairman.

WOMAN'S DEFENSE WORK IN COUNTY

War Work Organizations of Women in Townships Have Taken Hold to Aid Soldiers or Those at Home. Yearly Report Shows.

That part of the yearly report of the Woman's Branch, Ulster County Home Defense, dealing with the activities of the organization throughout Ulster county, outside Kingston, shows that the women have been quietly "doing their bit" in many ways. The activities are summarized in the reports of the township chairmen made to the central body here.

A full account of the first annual meeting, held at the court house on Monday afternoon, and of the work done by the Woman's Branch in Kingston, was printed in Tuesday's Freeman.

The reports from the various towns follow:

Gardiner reported through Miss Margaret D. Gonsalus, having canvassed the township in the interest of the fuel proposition, learning how many cords of wood the farmers could cut and urging them to cut all possible. Miss Gonsalus personally sold \$3,000 worth of war savings stamps. Food conservation cards were distributed and collected. The children of the town, so far as they could be reached, have been weighed and measured.

Mrs. William A. Warren, Hurley, reported committee organized in Hurley and West Hurley, which includes Glenford, Zena, Spillway, with Mrs. John Saxe, chairman in West Hurley. Two community meetings held in Hurley, one in West Hurley. Coal saving campaign carried on through publicity in the township, and effort made to ascer-

tain available wood supply for this winter. Mrs. Peter Elmendorf appointed publicity agent. Took part in campaign for enrolling members in Student Nurse Reserve. Weighing and measuring of children still in progress and report nearly ready.

The township of Hardenbergh, represented by Mrs. Vernon Marks, showed distribution of all literature received; purchase of material and sewing same for refugees; meetings held; Red Cross work done; 28 children weighed and measured and work still under way. Pledges were also taken for food conservation and the committee aided in the sale of W. S. S.

Mrs. Harcourt Pratt, chairman of the township of Lloyd, reported assisting in the second and third Liberty loan drives; helping in both Red Cross war fund campaigns and the membership drive; the weighing and measuring of 125 children. They have just finished a drive to raise \$500 for the Ulster County Home Defense. Movie screens have been largely used in advertising all war activities, and Mr. Gregory was reported as frequently giving a movie for the benefit of the Red Cross.

Marlborough township, Miss Katherine H. Cantline of Stone Ridge, chairman, interviewed farmers relative to the cutting of wood to save coal, distributed all literature and posters sent to the committee; have weighed and measured over 100 babies, now have a station in Stone Ridge where salvage for the Red Cross is being collected and looked after. Communications received relative to war work have been read at Red Cross and other meetings.

Mrs. D. W. Ostrander of Plattekill township, reported the distribution of 500 food pledge cards; money received from Red Cross fan and entertainment at Clintondale, \$752; will later report on weighing and measuring of babies; have a salvage bureau for the Red Cross established.

The town of Rosendale, represented by Mrs. C. V. Hasbrouck has distributed all educational literature sent to the committee and extensively advertised the work through local papers and moving picture shows;

has taken part in the food conservation, fuel saving, and agricultural campaigns; has held community meetings. The committee has aided in the solicitations for funds for the Red Cross, Y. M. C. A., Liberty Loan and War Savings Stamps. They have just finished weighing and measuring children and will report on that later.

Maud M. Washburn of Saugerties, sent in an exceptionally interesting account of work done in that township in co-operating with various other organizations. The work of food conservation not only has been but is being constantly kept before the community in every possible form. A quantity of jam and jelly is being made free of charge by the kitchen committee for soldiers' hospitals.

Profits from the canning kitchen have been used to establish a fund for providing free milk for needy children. The fuel problem regarding wood cutting has been well cared for. The Child Welfare campaign has been carried on in an exceptionally large and comprehensive manner, through publicity, large mass meetings, about 450 children have been, through the co-operation with the Parent-Teacher Association, weighed and measured. Extension work in the outlying districts has also been and is being carefully conducted. The committee has assisted the Red Cross in relief for soldiers' families and are now active in the work of furthering the salvage bureau activities. Through the campaign for enrollment of student nurses it was learned that a large number of young women, eligible for nursing, while others had entered banks and places of business, doing the work formerly done by men. The columns of the local paper, hand bills, window displays, and the distribution of all circulars, etc., have been the means of publicity used. A committee for the Land Army campaign has just been appointed.

Woodstock, Miss Ida E. Brower, chairman, reported that a committee under Miss Dorothy Downer, had weighed and measured 65 children and that there were some 30 still to be weighed. Three young women have enrolled in the student nurse reserve. There are five branches of the committee at Willow, Shady, Wittenberg, Bearsville and Zena, all active.

Mrs. Beekman, chairman of the Shandaken township, reported assistance in Red Cross, Liberty Loan and W. S. S. campaigns, also the obtaining of a list complete of all Shandaken men in service. The committee is now engaged in the weighing and measuring of babies and the Red Cross salvage campaign.

Mrs. J. Albert Pelen chairman of the Shawangunk township committee reported assistance given in the Liberty Loan and Red Cross drives. The committee had weighed and measured 165 children, the committee in charge taking their scales in their auto and going through the country sections.

The township of Hurley has been busy as was reported by Mrs. Brink to the effect that they had circulated the fuel administration message, helped in the third Liberty Loan, the W. S. S. and Red Cross drives, and the enrollment in the student nurse reserve. They have weighed and measured 196 children, have a first aid class and are now helping in the Woman's Land Army drive.

Mrs. D. M. Every reported for the Olive township committee, the gathering of statistics regarding the cord wood available for the coming winter; the weighing and measuring of 61 children; 120 cups of jelly and 15 cans of fruit gathered for Red Cross, operated the refreshment booth at the Labor Day reunion at Boiceville, clearing \$74.67 for the Red Cross.

Breta C. Smith for the town of Rochester reported, so far, the weighing and measuring of 50 babies; efforts to interest the people in the student nurse reserve, and assistance in all war propaganda of every sort. Denning reported in writing as follows: Committee—Chairman, Mrs. A. W. Dimock, Peekamoose; Mrs. George W. Ertz, Ladloton; Mrs. Fred Yale, Claryville; Mrs. Andrew George, Red Hill.

The members of this committee have been almost entirely responsible for the food conservation, Red Cross, War Savings Stamps, and four minute work of Denning, and in making out this report there may be overlapping with reports of these various efforts.

Distribution of literature—As four minute man chairman, the chairman of H. D. committee, received constantly literature from Washington which she mailed to her H. D. committee, and while this was not used in formal addresses, except in Sundown, it supplied valuable information and helped sustain morale. Food conservation literature was sent in bulk to each member who distributed the same in her own locality. In one district, the school teacher made good use of the same, explaining the pamphlets to her pupils and urging them to try the recipes.

Community meetings—Sundown, March 31, attendance 95; Red Cross work, junior four minute men project: food situation, Farm Bureau matters, presented. Slides, music—singing by all present.

May 24—Sundown: attendance 98; Farm Bureau speakers; Red Cross reports, slides, singing.

June 24—Sundown: attendance 115; War Savings Stamps; Mrs. Sarre, speaker; total pledged \$2,940.

July 4—Patriotic speakers supplied for community festival.

July 28—Dewittville. Service flag raised; address by Judge Putnam. Total War Stamp sale announced, \$7,865, first district Denning; total for all Denning \$10,805.

Claryville, August 10—Attendance 150 to 175; patriotic addresses; food conservation address with slides; Farm Bureau announcements, etc.; singing.

Sundown, August 16—Attendance, 182; patriotic addresses; singing; slides; presentation of notices, etc. District School Union Sessions—in District 1 and in District 2 of Denning, was held a union session of two or more district schools, with patriotic compositions, recitations and addresses.

Canning Demonstration—Claryville, August 11, in charge of Miss Stuart. Baby Weighing Meetings, Claryville, August 20—About twelve children weighed and measured; helpful literature distributed, talk by Dr. Hoar; personal consultation with Mrs. Glass, nurse; full committee in attendance. Names and addresses of absent children taken, cards will be secured from each and literature sent; Dr. Hoar volunteered to assist in this and other follow-up work.

Sundown, August 21—About twelve children weighed and measured; children, from a distance brought in automobile, names and addresses of absentees secured for follow-up work; helpful personal work by Mrs. Glass. Every child under six will be entered on chairman's records and cards not yet returned will be duly filled and forwarded to Kingston office, and follow-up work is already planned.

Press, Publicity—To encourage further effort, the chairman has written up the various gatherings in the town and these accounts have been published in the Kingston Freeman, the Ellenville Press, the Sullivan County Review.

Wawarsing Township—Mrs. Chester Young, chairman, reported: Nine centers organized with thirty-five members comprising committees. Helped with Red Cross, War Savings Stamps, Liberty Loan drive; placed the food pledge cards, helped with the census of fuel wood; have furnished a complete list of enlisted and drafted men for card index for Red Cross, conducted campaign for enrollment of nurses; working on Child Welfare; working on Land Army.

Mrs. John Van Eiten moved that letter of sympathy and condolence be sent to Mrs. Dimock, from the Woman's Branch of the Home Defense, which was seconded and carried.

Mrs. Frank LeFevre of New Paltz, reported for that township, a participation in all of the Liberty Loan, Red Cross, W. S. S. drives, and now in the concluding of the Child Welfare work of weighing and measuring of children. They will also take part in the present Woman's Land Army drive.

Before the meeting closed, announcements were read relative to the student army training corps for boys of 18 years and over at St. Stephen's College, Annandale. Enlistments may be made at Holy Cross parish house today.

Dr. Payson Smith, commissioner of education of Massachusetts, and former commissioner from Maine, will address the School Women's Club of the Hudson Valley on the subject of "Education and the Present Crisis," at the High School auditorium at 2-30 o'clock on Saturday, October 5th, and all present were invited. Announcement was also made of the Suffrage convention to be held at Wiltwyck Inn on Thursday afternoon of this week.

The foregoing needs no comment as to the loyalty of the women of Ulster county.

MT. TREMPER.

Mr. Tremper, Sept. 24—A husking bee will be held at the farm of Herbert Spencer on Wednesday evening, the 25th, and following the husking a supper will be served by the ladies in the large boarding house of Mr. Spencer. (The old Lawson house.) The proceeds from the supper is to be used toward getting a village service flag for our boys who are in camp and over there. It is hoped there will be a good attendance as a good time is promised.

Miss Nellie N. Smith of Kingston visited her grandparents, Mr. and Mrs. A. Howland, over Sunday.

Mr. and Mrs. Norman Wilber and little son spent Sunday with relatives at Lake Hill.

Mrs. Sherman Lockwood is spending a few weeks with her daughter, Mrs. Reuben Stone, at Bridgeport, Conn. Mrs. Stone is recovering from a recent operation for appendicitis.

Waldo Boerker spent Saturday in Kingston.

Mr. and Mrs. N. D. Wilber attended the funeral of their cousin, Miss Edythe Shuklis, of Bearsville on Wednesday. The many friends here of Miss Shuklis were deeply grieved to learn of her death as she often visited here and was liked by all that knew her. The deepest sympathy is extended to the bereaved family.

VICTORY MENUS.

These menus, planned to conserve time and money, to save the foods that are scarce and use those of which there is an abundance, are Victory Menus, in more senses than one. They are prepared by the Department of Home Economics of the State College of Agriculture and endorsed by the New York State Food Commission.

Thursday.

Breakfast—iced cantaloupe, plain head oat meal with top milk; cereal; muffins; coffee.

Lunch or supper—Nut balls, tomato sauce; baked potatoes; victory bread; lemonade or tea; cookies.

Dinner—Carrot loaf; creamed potatoes; kale "Victory" bread; Mocha pudding.

* May be omitted and still leave a balanced meal.

Milk for the children to drink at each meal.

Nut Ball.

One cup left-over meat; 12 chopped almonds or walnuts, ½ teaspoon salt, 1 egg, pepper and paprika to taste, 1 cup tomato sauce.

Chop the meat fine and mix with the nuts and seasonings; moisten with the well-beaten egg. Roll into balls the size of a walnut and set in a baking pan. Pour over them the hot tomato sauce. Bake in a hot oven 20 minutes and serve hot.

Mocha Pudding.

One-third cup butter, ¼ cup brown sugar, ½ cup maple sugar, 2 egg yolks, ¼ cup cold strong coffee, 12 small pieces of stale sponge cake, 12 teaspoon vanilla.

Cream the butter and add the sugar gradually; add the egg yolks, slightly beaten. Add the coffee little by little and the vanilla. If the coffee is added quickly the mixture

TO LAUNCH MONDAY IF NOT STORMY

"Esopus" Due to Slide From Ways
at Island Dock at High Tide Sept.
30th—Cards of Admission Are
Free.

Weather conditions permitting, Monday, the big cargo carrier Esopus will be launched from the ways of the Kingston Shipbuilding Corporation on the Island Dock, and that afternoon the keel for another steamer will be laid, the frames of which are already sawed and waiting to be assembled and installed. Admission to the launching will be by card only, which may be obtained, free of charge, at the office of the corporation on Ferry street.

Practically Completed.
The Esopus, the largest ship ever built in this vicinity, is practically completed, and when she takes the water will be entirely complete with the exception of the installation of the engine and the boilers. She is 231 feet over all, 46 feet wide and 26 feet depth of hold, and will carry 3,500 tons of cargo. All of the equipment, such as furniture, bath rooms, gun decks, ammunition apartments and hoists will be installed.

Weather Only Will Delay.
The only thing that will hold up the launching of the big ship will be a rainy day. If the day is stormy the launching will not be attempted, as it is not considered safe for the men to work about the hull with the plank wet and slippery.

With fair weather the boat will take the water at 10 o'clock that morning. The reason for launching in the morning is that it will be high water at that time, and the boat will take the water when the tide is high.

Admission Cards Free.
Those who desire to witness the launching may do so, but in order to be admitted to the Island Dock it will be necessary to first obtain an admission card at the office of the corporation. These cards may be obtained free of charge.

Emergency Fleet Men Here.
Among the distinguished visitors at the launching will be W. G. Hudson, district officer of this district, W. M. Mills, chief inspector and E. S. Kiger, traffic engineer, and other of the United States Fleet Emergency Corporation.

Band Will Play.
The Colonial City Band of twenty pieces has been engaged to render a concert preceding the launching. Just who will deliver an address is not known at this time.

Miss Schoonmaker is Sponsor.
Miss Dorothy W. Schoonmaker, daughter of John D. Schoonmaker of the Kingston Shipbuilding Corporation, will come to Kingston from Camp Upton to christen the ship. She has been engaged since last year at the Hostess House at Camp Upton.

FINANCIAL AND COMMERCIAL

By Telegraph to The Freeman.

New York, Sept. 25.—Stocks were in supply at concessions during the first fifteen minutes with a large number of issues declining about one point in that period. Most of the selling came from the trading element on the floor, which was disposed to take a bad position on the market again because of statements made in regard to the money outlook and the repeated view about depressing speculation coming from stock exchange sources. Steel Common yielded 3/4 to 1 1/2% and Bethlehem Steel B declined 3/4 to 1 1/2%. Industrial Alcohol and Distillers both dropped one point with the most of the selling of Distillers due to the progress of prohibition legislation. Baldwin was exceptionally strong at the opening when it advanced 3/4 to 90 1/2, but later declined to 89 1/2. American Smelting sold off 1/2 on the unfavorable statements published this morning. Peoples Gas also declined 1/2, selling down to 46 1/2.

Marine Preferred was the feature of a listless market in the afternoon, moving up two points to 103 1/2. Steel Common moved up to 110 1/2, while Industrial Alcohol regained 1 point to 113 1/2. American Steel Foundry was strong, moving up 1 1/2 to 56 1/2.

The market closed strong; government bonds unchanged; railway and other bonds steady.

W. S. S. SALES.

Returns From New Palitz and Saugerties Encouraging.

On opening his mail this morning Postmaster DeWitt was cheered by most acceptable reports of the sales of W. S. Stamps made by Postmaster Hasbrouck of New Palitz and Postmaster Kenney of Saugerties.

New Palitz discloses interest awakening in this form of investment as never before.

The total sales at that office to September 1 amounted to \$17,333.28; the August sales, \$1,777.56.

The total sales at Saugerties for the same period is \$8,688.22; for August \$8,688.22.

The Postmaster DeWitt regards as an extraordinary showing.

GASLESS SUNDAYS.

Autos May Be Used On Sabbath To Help Fourth Loan.

Marlborough, N. Y., Sept. 25.

Dear Editor: The fuel administrator has informed us that due to the fact that for three weeks beginning September 23, 1918, the success of the Fourth Liberty Loan will be of paramount importance, automobiles may be used in all localities on Sunday whenever necessary to help in the success of the Liberty Loan.

Very truly yours for sale of Liberty Bonds.

DAVID D. TAYLOR,
Chairman Liberty Loan.

To Discuss War Chest.

Mayor Canfield stated this morning that soon he will call a public meeting to discuss the citizens the chance to express themselves with respect to the question of putting a tax on automobiles for funds in this war chest, which would include the work of raising money for all purposes, Red Cross, Y. M. C. A., R. O. C., etc.

Good Junior Shooting.

M. Sheahan Teller, John Macarano and Howard E. Koch of Kingston, have won "Winchester Marksmen" medals, shooting at the gallery of W. W. Miller, who represents the Winchester Junior Rifle Corps here.

ISLAND DOCK NOW HAS A HOSPITAL

A modern hospital on a miniature scale has just been erected on the Island Dock shipyard of the Kingston Shipbuilding Corporation, and Miss Katherine M. Murphy, a trained nurse of No. 82 Crane street, will be in charge. The hospital has been thoroughly equipped with the latest appliances, and is meant for an emergency hospital where those injured on the yard may receive treatment at once. Minor cases, such as smashed fingers or toes, etc., will be treated in the yard, and more serious cases after receiving first aid treatment, will be removed to the city hospital.

ABOUT THE FOLKS.

Mrs. J. G. Nathurst and Mrs. Frank Gumaer have gone to Mrs. Nathurst's home in New Jersey.

Private A. J. Raichle of Camp McClellan, Alabama, who was called home by the sudden death of his mother, returns Thursday to camp.

Mr. and Mrs. Walter DeGraft of 75 Cedar street have received word of the safe arrival overseas of their son-in-law, First Lieutenant Silas T. Beatty, Co. F, 3rd Pioneer Infantry, A. E. F.

Mrs. George B. Herdman and little son, George, have returned to their home in this city, after spending the past three weeks in New Haven, Conn. They were the guests of Mrs. Herdman's sister, Mrs. C. D. Moore.

ODDS AND ENDS.

A concert will be given at the Foxhall avenue church this evening.

Ladies' Auxiliary, No. 53, Tappan Camp, No. 1, will hold a dime social at the home of Mrs. Evely in Sleightsburgh on Friday evening.

LOCAL DEATH RECORD.

Recent Deaths and Funerals of Persons in This Vicinity.

Harrison Smith, a well-known and prosperous farmer of Eureka, was found dead lying under a tree near the home early Sunday morning. Death no doubt resulting suddenly. Mr. Smith left home on Saturday with intentions of going to Ellenville if he had an opportunity, so no alarm was experienced when he did not return that evening, but the finding of the body, as above stated, was a shock to the family. Mr. Smith had been a resident of the section near Eureka all his life, owning and occupying a farm located half in Ulster and the other half in Sullivan counties, the country line going directly through the house. He was considered a successful farmer and his death at only 55 years of age has caused sorrow in the entire community. He was a member of Wawarsing Lodge, No. 582, F. and A. M., of Ellenville, and was highly esteemed by that fraternity. Surviving his wife and one daughter, Miss Flor Smith, residing in Ellenville. The funeral will be held from his late home on Thursday afternoon at 2 o'clock and interment will be made in the cemetery at Grahamsville. A delegation from Wawarsing Lodge, F. and A. M., will attend the funeral and the burial will be attended with Masonic honors.

The body of Miss Alphretta DePuy was found in her home on Hickory street, Ellenville. Sunday evening, by the tenants, Mr. and Mrs. Hornbeck, who occupied the upstairs part of the house. Dr. Wilkoff was summoned and after examination it was decided she had expired earlier in the day, and living alone was not missed from her home until near midnight when her body was found.

Undertaker Wood was called and took charge of the body. The arrangements were made by Henry F. Hornbeck of Napanoch, who had charge of her affairs. Miss DePuy was born at Napanoch in 1854, a daughter of the late Alex. DePuy and Phebe Coddington. Her wife. She grew to young womanhood in her home town and remained with her parents until the death of her mother, and later with her father moved to a small farm, which they purchased, known as the Budd home, foot of Budd Hill going to Leavenworth. Following the death of her father, she continued to reside there until this spring. She sold her property to Lewis Weiland, her near neighbor, and came to Ellenville to reside, and purchased the property where she died. Her life was devoted to her parents. She lived a good life and was highly respected. A fine Christian character and a regular attendant at the M. E. Church when her health or circumstances permitted. She was in her usual health when last seen by her neighbors Saturday evening. Surviving are one brother, Wilbur DePuy, who was a member of the out of town, and who arrived on Thursday. One brother, Emerson DePuy, who resided in the west, died suddenly a few years ago, which was a great blow to this sister. The funeral was held from her late home this afternoon at 2 o'clock. The service was conducted by the Rev. Newman L. Heroy of Accord and interment made in the family plot in the Fairview cemetery.

Notified W. S. S.

County Chairman W. D. Brimley has received a circular letter concerning the redemption of damaged War Savings and Thrift Stamps. If the stamp has been torn, or a part of it lost, it will be redeemed in case the portion of it that is retained consists of more than one-half. But those that the government will redeem must have been affixed to the War Savings and Thrift Stamps.

CANNING KITCHEN MAKES REPORT

Little Produce Donated To Volunteer Workers—1314 Cans Put Up—Cash Balance On Hand.

At a recent meeting of the committee in charge of the Kingston Community Canning Kitchen, Mrs. Frank Dewey in charge of kitchen gave an excellent report of what had been accomplished at the kitchen this past season, when for the first time this enterprise was in operation in Kingston.

Mrs. Dewey stated that the High School kitchen where the canning was done was an ideal place for the work. The kitchen was open three days a week for eight weeks, and 1,074 cans of fruit and vegetables and 240 glasses of jelly and jam were put up. With the equipment and help available, all the vegetables that could be cared for were canned. There was an excellent demand for jelly and jam and much more fruit might have been preserved in this way had some one with an available auto had the time and disposition to act as buyer for the kitchen.

Owing to the failure or reduction of many of the vegetables and fruit crops in the vicinity there was not the surplus that had been hoped for. Mrs. Watson Freer donated a quantity of Swiss Chard and a half bushel of green beans and Frank Matthews gave a half bushel of green beans. These were the only vegetables donated. An elderly lady in Port Ewen gave about a half bushel of crab apples, with the request that the same be made into jelly for the soldiers' and the kitchen furnished glasses, sugar and labor. As a result 50 glasses of fine crab apple jelly was sent to the local Red Cross for the soldiers' hospital. The finances of the kitchen were very accurately taken care of by Mrs. Harold King, who acted as treasurer, with Mrs. Stanley Matthews as clerk.

The educational value of the kitchen will, undoubtedly prove much more far reaching than might appear at a glance. There were a number of visitors at the kitchen but there were even more who called up the kitchen throughout the comparatively short canning season and asked about canning which they were doing at home. The assistance which it was possible to give to many housekeepers whereby they could be assured of keeping their canned fruit and vegetables, where they had been unsuccessful in previous years, would count for much in the way of conservation.

Taking into account the educational value, the release of over 1,000 tin cans, and a cash balance of \$221.60 it would seem that this year's work of the Kingston Community Canning Kitchen was not in vain.

UNDERNEATH THE CITY HALL DOME

Abeel street is now open to traffic and Whitte has been laid from Post street to the city line. From Post street to Broadway the roadway is paved with brick. This makes an ideal roadway now from the main street of the city to city limits.

Work of laying Whitte on Foxhall avenue has been started.

Dr. Lawrence, of the state board of health, met with the sanitary committee of the local health board at the city hall Tuesday evening to discuss the advisability of establishing a venereal dispensary in Kingston. The matter was formally discussed and no action taken. It is understood that a meeting of the city physicians will be called shortly to meet with the health board to take up the matter.

A service pit with one star was found in the city hall Tuesday and may be had at the board of public works office.

There are fifteen cases of typhoid and twelve cases of diphtheria in Kingston at the present time.

As far as known there have been no cases of Spanish influenza in Kingston.

TO ADDRESS SCHOOLWOMEN.

Dr. Smith at High School Meeting October 5.

On Saturday, October 5, the fall meeting of the Schoolwomen's Club will be held in Kingston. This organization has a large and increasing membership from the cities and towns of the Hudson valley. At the morning session at the City Library at 10:30, matters of professional interest will be discussed. During this business meeting guests who are not members of the club will be received at the High School building, where entertainment will be provided by a group of young ladies from the High School.

Luncheon will be served at the Stuyvesant Hotel at 1 o'clock to the members and guests of the club, who are requested to notify the chairman of the committee of arrangements, Miss Gertrude Burhans, 21 President's Place, on or before October 2, of their intention to be present.

For the afternoon session at the auditorium of the High School at 2:30 o'clock, the club has been exceedingly fortunate in securing Dr. Payson Smith, commissioner of education for Massachusetts, and former commissioner for Maine, as the speaker. The subject of Dr. Smith's address is "Education and the Present Crisis," and will deal with the immediate effects of the war upon education and to some extent with the necessary reorganization after the war.

In his work as an educator in Maine and Massachusetts, Dr. Smith has submitted various educational reforms to women's clubs and has enjoyed their cordial assistance in putting them into effect. Among these reforms are: free scholarship, extension of library facilities, rural communities, health education, vocational education, the state pension for teachers and higher compensation for teachers.

It is hoped that the women's clubs of the city will be well represented, and that all who are interested in education and can possibly do so will be present to hear this distinguished educator.

N. B. C. Co. Helping Loan.

Sales Agent George K. Sander, of the local branch of the National Biscuit Company, has just received advice from the New York office that the company proposes to allocate its subscription to the Fourth Liberty Loan among all the cities of the country where it maintains manufacturing or selling branches on a basis of business enjoyed by such branches. The National Biscuit Company will donate much advertising space to the loan, and its vast selling force is going to sell bonds for Uncle Sam.

Somewhat Mercenary.

Bob was to have a birthday party. His best friend, Dick, met him in town the day before. "Hey, kid," he asked, "what do you want me to bring you?" Bob, who was waiting for a bicycle, replied: "If it's all the same to you, Dick, I'd rather you'd give me the money." The following day as Bob's mother received the little goods, Dick presented 25 cents, saying: "Mrs. G. Bob said he'd rather have the money."

SOCIAL SERVICE BUREAU IS CLOSED

With the resignation of Mrs. Laura MacMillan, the efficient secretary of the Bureau of Social Service, to accept the position of examiner of the woman's department of the new Labor Bureau, the Social Service Bureau has been closed and will likely remain closed for the period of war. Miss Aurea Kelly, the stenographer of the bureau, has also resigned to take up a similar position with the Labor Bureau.

The Social Service Bureau was established several years ago for the purpose of systematizing charity in Kingston, and eliminating as far as possible the helping of destitute families by several organizations. The bureau also worked in conjunction with the charity commissioners. The offices of the bureau in the municipal building on East O'Reilly street will be taken over by the Child Welfare Station in charge of Miss Ella Bates, and the welfare station will shortly be moved from Jacobson building on lower Hasbrouck avenue to the municipal building on East O'Reilly street.

FIND NEW KIND OF TRIMMING

Heads in Water Color Are Effectively Used to Garnish an Attractive Evening Dress.

The water color artist has discovered new fields for conquest, and the bodies of evening dresses are the canvases used. The old flower motifs have been discarded, according to the official journal of the National Garment Retailers' association, and newer things are taking their places.

"A certain evening frock's pink bodice," it says, "is ornamented with three little water-colored heads, which are about the size of a half dollar. One is the head of a giggling school-girl, befrilled and beribboned. Another is that of a budding 'John,' and the third is of an English 'Johnny,' eye-glasses and stock.

"The interesting point about this form of trimming lies in the fact that it is not a design or in the least conventionalized, but true life sketching very well executed. However, this makes all the more evident its harsh, exacting note on the soft bodice of an evening gown."

STYLES IN OUR HEADGEAR

Both Large and Small Hats, Loaded or Unloaded With Trimming, Fashionable This Season.

This is a season of wide diversity of ideas in millinery. As a very successful and well-known milliner remarked the other day, "Any style that is becoming is fashionable this season." You may wear big hats or little hats or hats of medium size, and they may be of any fabric practical for millinery; and as for trimming there are models rather elaborately trimmed, simply trimmed models and hats almost entirely devoid of trimming.

This is indeed welcome news, and woe to the woman who does not have a becoming hat. She cannot blame it on the modes of the moment, but upon her own lack of judgment or care in the selection of this most important detail of her wardrobe.

SKIRTS SHORT AND TIGHTER

Latest Mandate From Goddess of Styles, According to Report Reaching New York.

Skirts are to be at least three inches shorter and much tighter this winter, writes a New York correspondent.

This is the latest mandate of the goddess of style, and the news was brought to American women here by Miss Margaret Drecker, foreign buyer for a prominent American firm, who arrived from France.

"You can tell American women that styles for fall and winter call for skirts at least three inches shorter and much tighter," said Miss Drecker. "Jackets are to be shorter and tighter, too. All designs look toward the conservation of cloth. Prevailing colors will be brown, green, navy blue and tan."

LITTLE THINGS OF FASHION

Embroidery done in colored silk is a form of trimming very much in vogue. It is widely used, especially on the skirt, thin fabric. The upturned hem, like a cuff at the bottom of the skirt, is not un-

FAMOUS PLAYERS TO HELP FOURTH LOAN

Stars of Opera, Moving Picture and Theatrical World Pledge Full Co-operation.

Stars of the opera, the theatrical world and the movies themselves are hard at work on patriotic plays to be used in motion picture houses of the country in connection with the Fourth Liberty Loan campaign. Under the chairmanship of Adolph Zukor of the National Association of the Motion Picture Industry the theatrical forces are being gathered together for the solid support of the United States and the boys "over there."

Miss Alla Nazimova, Enrico Caruso, Mr. and Mrs. Sidney Drew, Elsie Ferguson, Marguerite Clark, John Barrymore, Billie Burke, Clara Kimball Young, George M. Cohan, and a host of others have taken advantage of the privilege extended them of giving their services in the making of pictures which shall carry a definite message for this country in her time of need.

Peter J. Schaefer, president of the Motion Picture Exhibitors' League of America; Sydney S. Cohen, president of the New York State Motion Picture Exhibitors' League; the Famous Players-Lasky Corporation, Thomas H. Ince, and other organizations and persons connected with the production or distribution of motion pictures have pledged their full cooperation for the new loan.

Douglas Fairbanks, William S. Hart, William Farnum, Budlin Farnum and many others already have completed their pictures.

Useless Contention.

Sooner or later one is measured with the rule that is straight and true. There is one thing that we all find very much simpler and easier to live with—contention does not help matters of any kind. Constant aggressiveness, frequent complaining, daily denigration of one's position wears away patience and gives one in an atmosphere of antagonism which breeds only results.

Never Too Old to Learn.

It has often been said that a man cannot learn a new trade after he is forty, but this statement has frequently been disproved. Peter S. HOSPITAL LADIES AUXILIARY REPORT

Shows Satisfactory Financial Condition — Children's Ward Being Built — 200 Members Now in Auxiliary.

The annual meeting of the Ladies' Auxiliary of the Hospital was held on Tuesday in the board room. It was largely attended.

The women who have held office during the past year were all re-elected for another term.

Annual report of the treasurer, Mrs. C. E. Hasbrouck, showed a satisfactory condition of the finances of the organization.

Mrs. James E. Low, chairman of the purchasing committee, reported the supplies which have been furnished by the auxiliary during the year, as follows:

21 blankets.
112 yards of muslin.
815 yards of sheeting.
294 pillow cases.
18 yards of towel.
45 yards dish towel.
48 hand towels.
35 operating room towels.

Mrs. Thomas J. Hickey, first vice president of the auxiliary, reported that the Hon. and Mrs. Jacob Roca had volunteered to newly furnish one of the main wards of the hospital.

Mrs. Charles Tappen, the president, then called for the secretary's report, which is in a measure the history of the year's work. It is here given in full:

In reviewing the past year's work of the auxiliary, it is especially worthy of note that in spite of the demands which our great war has made upon the people of Kingston, interest in the city hospital has not failed nor faltered.

This auxiliary planned and carried out last April a rather remarkable campaign.

Without any particular organization of effort, with very little publicity and with quite astonishing results, we raised over \$1,100 for our treasury through voluntary contributions.

It was a spontaneous expression of interest in our institution, shown by people in all walks of life. They gave, each to his own measure, as their feelings prompted and their purses allowed.

Whether the gift was one hundred cents or one hundred dollars, it was given in a spirit of sympathy with our work and our policies which was most gratifying to us and to our board of managers.

This public support so vitalized our finances in the spring that it enabled us before we adjourned for the summer to lay in a goodly quantity of all these supplies which it is the duty and object of our organization to provide.

With forethought of the advantages prices we laid in extra quantities of muslin to carry us through the summer. Our this purchasing committee will report in detail.

The needs of the institution have naturally grown larger since the new addition has been added, and the older portion of the building remodeled. We have been ready to meet these growing wants and shall continue to do so, proud that our building is the equal of any on the Hudson river, if not in size, yet fully so in equipment and furnishings.

Since our last meeting there has been a most valuable addition to a children's ward, which has been built with the money left by Mrs. A. E. Anderson. It is now nearing completion; some fairy godmother or up to finish it, and we shall then see our greatest present need supplied, a separate place for sick children.

After a whole year's delay, I am able to report that the little doors of the memorial rooms, have been opened and will soon be affixed throughout the building, after which the rooms will be known by name instead of by number.

Now we have almost 200 members in this organization and we want still more. We want the women of Kingston to come into this auxiliary to share it to their own advantage, to share it to the benefit of the hospital itself. We want the members to feel that they are part of the institution. The good of the institution is our good, and the good of our community, and it is our business to further it.

We are proud of our building, of our nurses and our staff. We are especially proud of the service flag which hangs over the entrance. It indicates our doctors who are taking part in the great war for democracy, with one gold star for the one whose life was given to his country.

The number of our nurses who have volunteered for service means much to us, and the fact that every single man on our staff has put down his name on the volunteer list for service if needed shows the spirit which animates the institution.

And when the victorious end of the war shall come, that same spirit will lift our little hospital to the top, and keep it there, making it not only the pride of us, who belong to it, but of the whole city of Kingston, of which it is so important an asset.

CORNMEAL DISHES.

The cornmeal made by the old mill process, in which the germ was left in, will not keep as well as the fine cornmeal.

The home grinding of cornmeal saves the germ and other nutrients that are destroyed or lost by the new process.

When possible to buy this product in small quantities, or still better, grind it at home in a small mill, it will be found very superior in flavor. More liquid and more fat should be used in the fine cornmeal made by the new mill process than with the coarser ground meal.

For cornmeal mush, take one cupful of cornmeal, a teaspoonful of salt and add three and a half to five cupfuls of boiling water or scalded milk. Mix the meal with enough cold water to pour, then add to the boiling, salted water, stir constantly until smooth.

Cook for four hours in a double boiler or in a fireless cooker over night. If cooked over the direct heat less time will be needed for cooking; but it will need to be carefully watched.

Poured into a small breadpan, well greased, the mush will mold to be sliced for breakfast and fried in a little hot fat. Serve with sirup or bits of bacon.

Cornmeal and Oat Cookies.—Take one cupful each of cornmeal, rolled oats, molasses, buckwheat flour, a teaspoonful of salt, a cupful of sour milk, a half-cupful of fat, a half-teaspoonful of soda, a half-teaspoonful of nutmeg and one-quarter-teaspoonful of ginger.

Beat the cornmeal, the molasses, salt and milk with the rolled oats, stirring constantly until it becomes a thick paste. Remove it from the fire, add fat, soda, flour and spices. Roll thin and bake in a moderate oven.

Indian Pudding.—Heat two and one-half cupfuls of milk, add six table-spoonfuls of cornmeal, mixed with one cupful of cold water or milk. Add a half-cupful of molasses, a half-teaspoonful each of salt, ginger and cinnamon. Stir in a half-cupful of chopped suet, which has been lightly sifted with corn flour, a half-cupful of raisins and bake, stirring often for the first half-hour. Serve hot with hard sauce.

GOES TO TANNERSVILLE.

Former Kingston Bank Cashier Secures Similar Position.

Samuel D. Scudder, for over 26 years connected with the Kingston National Bank, who resigned as cashier a few months ago, will leave town October 1st for Tannersville, Greene county.

Mr. Scudder has been appointed cashier of the Mountain National Bank of Tannersville, and will assume his new duties on the above date. In the years that Mr. Scudder served in the Kingston National Bank in the position of bookkeeper, teller and cashier, he made many friends, not only for himself, but for the bank as well.

It is needless to say that in his new capacity as cashier for the Mountain National Bank, he will bring to that bank much business and many new friends. Mr. Scudder leaves Kingston with the best of wishes of his innumerable friends.

Commission Allowed Compensation.

Supreme Court Justice Hasbrouck has issued an order granting compensation on affidavits of counsel for New York city, to members of the Schoharie and Shandaken Turnpike commissions.

For services until May of 1918, as follows: Clyde H. B. Van Wageningen, attorney for petitioners, \$2,500; Joseph W. Stevens, \$2,500.

Matters Before the Surrogate.

Letters of administration have been issued by Surrogate Gill to Sarah F. Bosart of Tannersville, on the estate of Anna L. Hartford, deceased, late of the city of Kingston. Value

HONOR ROLL TABLET FUND NOW \$2,458

Reports of subscriptions made towards the fund for putting into bronze the names of Kingston's boys who are in the service in this war when compiled at the gathering of industrial workers at the city hall Tuesday evening showed that there remained an unsubscribed balance of \$542.05.

It was stated that without doubt this balance needed to carry out the plan is already raised. So it was decided to extend the time for making final reports complete to Tuesday night, to which time the association has not taken an adjournment.

The outstanding collections that are expected to carry the total over the top are probably in the hands of the following concerns who were not represented and who will be expected to turn them in next Tuesday:

Concerns Not Reported.
Universal Road Machinery Co.
W. J. Browne Mfg. Co.

The mayor stated that Deputy City Clerk Turner is compiling the names to be imperishably printed in bronze and has already reached 1,200.

"It's a tremendous job," added the mayor. "He is going through the files of The Freeman back for more than a year to get names of our boys who have enlisted and been called to service. He expects the total number to go on the tablet will not be far from 2,400."

Mayor Canfield, August Struck and Harold Sharot, of the Columbia Co., and Edward F. Stack, of Van Slyke & Horton's, were appointed a committee to pass on the character and details of the proposed tablet.

WHITMAN SETS ORTALE FREE

Governor Whitman yesterday granted commutation of sentence to Pietro Ortale of Porterville, Ulster county, near Saugerties, who has served seven years of a minimum of twenty years, after conviction for murder, second degree. He was represented by Andrew J. Cook.

Ortale was convicted in 1911 in the county court in this city for the alleged slaying of Patrice Fabiana, a boy four and a half years old, on August 19, 1910, living in the same house with him, whose body was found in an outhouse eight days after he disappeared from home. Vincenzo Crauso was convicted as an accomplice. The governor pardoned Mrs. Crauso a year ago. Both were convicted on circumstantial evidence and the commutation was recommended by William D. Cunningham, of the court of claims, the prosecuting district attorney during the trial and Frederick G. Traver, then assistant district attorney and now the district attorney. The evidence was circumstantial and principally by two hired detectives used also in the Mrs. Crauso trial, who had been placed in jail. The third degree was used, the detectives testifying to alleged conversations and remarks of an incriminating nature, none of which amounted to an admission, but principally statements made by one of the alleged conspirators against the other. Hon. Charles F. Cantine, now deceased, the presiding judge, frequently expressed that he had considerable doubt as to the guilt of either Mrs. Crauso or Pietro Ortale, and also strongly urged an appeal.

ST. STEPHEN'S TRAINING CORPS

Business or Correspondence School Credits Do Not Qualify.

Further particulars regarding the Students' Army Training Corps were given out by Dean Davidson at St. Stephen's College last night. The dean has just returned from Washington. The corps is only open to those who have 13 credits for high school work. Business college or correspondence school credits are not accepted. Men who have not taken their whole high school course, and lack but one or two of these credits may be some students at the college, the regular rates of tuition, thus making up their deficiency and at the same time obtaining the benefit of the military training.

Was Hungry, Stole Barrels.

This morning Ira Cole was arraigned before Judge Schrick in police court and pleaded guilty to stealing empty oil barrels from the back yard of the stone premises on lower Broadway. He was given \$10 and twenty days. Ira has been in trouble before. The last time he was arrested by Superintendent Edmondson, of the City Home, on a charge of fighting in that institution and sentenced to jail by Recorder Lang.

Health and Wealth.

The dollar mark is a sign of wealth, but not health. Health without wealth is better than wealth without health. It is possible for a man to have both.

WOMAN'S LAND ARMY GROWING

Booths Are Enrolling Members And Are Open Daily—Miss Cary's Speech at High School.

Satisfactory progress is reported by those having in charge the campaign for members in the Woman's Land Army. The booths at Rose, Gorman & Rose, Forsyth & Davis and the up and downtown post offices, to which has been added today a booth at Connolly's drug store at Rondout, are open every day to receive members. The cost is: Tiller \$1; planter \$5; gleaner \$25, and harvester \$100.

The least one can do is to stand behind this home army of ours as staunchly and effectively as we stand behind our other army overseas.

The farmers' need is urgent if our food supplies are to be maintained.

The Land Army camps is the mid-dleman who organizes the supply of woman's labor and delivers it where needed.

Miss Sophia Cary spoke instructively of the movement Tuesday night at the high school as follows:

"The Land Army has only begun to scratch the surface of the farm labor shortage situation. It has done wonders in establishing camps of untrained women farm workers, and placing them on farms as substitutes for men, where they have overcome the natural prejudices of the farmer against such an innovation. The fact that there are not more women in the harvest fields of the state today is not due to the organization, but to the failure of women in general to realize that, as a war measure they must produce food as well as save it. It will be easy enough to convince the farmers they are necessary because soon they will have to employ the women or abandon their farms."

"I do not think American homes 3,000 miles away from the battlefield can ever fully realize the horrors of war. Among those horrors hunger has played a formidable part. Who stops to shed even a tear for the millions of women, babes, and children who have died and are dying daily from hunger in devastated lands? Two and a half millions are still starving 'over there.' Death by starvation has been, one of the Kaiser's favorite weapons, slow, lingering, torturing hunger—death."

"The Woman's Land Army can and must help to save the world from this hunger—death. The movement is not a side issue of the war. It is fair to become the most important war work in which women can engage."

"In England the demand for women farmers has become so overwhelming that the government has been forced to draft them for a year's service, insuring them a minimum wage, giving them free instruction for six weeks, paying their car fare to training centers and supplying equipment."

"You have not reached this point in America, though it may come eventually. So far recruits to the Land Army have been volunteers, but it is absolutely imperative for the women to realize that this service is a patriotic obligation."

"So far American girls and women, who have taken up agricultural work, have proved themselves the equals of their English and French

sisters. I think as the movement grows here they will rival them for they have in addition to splendid physiques an adaptability and elasticity which are sure to bring success. They have more initiative than the English or French girls, they are accustomed to doing things and to make a success of them. When they realize how vitally they will respond with their accustomed wholeheartedness, and then they will prove that no country in the world can the women surpass them in sturdiness and physical fitness."

"All the responsibility for food production does not rest with the farmerette. She must have the backing of her sisters and brothers in the cities. She needs their moral and financial support and it is for this reason that the New York

State Woman's Land Army is having a drive for a million supporting members."

"Each one of you in this audience should get behind the girl with the hoe and help her to help the farmer. More camps are needed, in this state next year, better means of transportation are needed, between the camps and farms. The girls must be better equipped, well fed and properly cared for. All this costs money and we are appealing to you to help provide this money by becoming a supporting member of the New York State Land Army."

Plurality Didn't Elect.

In all of the three times that he ran for president Grover Cleveland polled a plurality of the popular vote. In his second race, when he was defeated, his plurality over Harrison was 98,017.

LADIES' Y. M. C. A. CLASS

Will Be Organized—First Session Tuesday Evening.

The ladies have contributed largely to the success of the Y. M. C. A. that it has been decided to allow them some of its privileges and benefits. A ladies class, meeting two periods a week, will be organized.

All the privileges of the physical department, including gymnastics, bowling, and swimming, will be open to them. The first session of the class will be held Tuesday evening Oct. 8 at 7:30.

All ladies, who wish to join the class, are asked to be present at the time or to notify Mr. Dillinger, the physical director of their intention to take advantage of this opportunity.

FIRE BOARD TO
BUY LIBERTY BOND

The fire board at its regular monthly meeting Tuesday evening decided to purchase a \$1,000 Liberty Bond of the fourth series. The question of having a parade in Kingston during June of next year when the annual convention of the Hudson Valley Volunteer Firemen's Association will be held here, was talked over and the board decided that it would not be wise to hold a parade at that time. They had no objection to the convention being held in this city, but thought that no money should be expended for a display of any kind while the war was in progress. After transacting routine matters the board adjourned.

WENT TO DEVENS.

Four Colored Men Entrained—Cashin Went to Slocum.

On the West Shore 11.11 o'clock train this morning, Grant Henry Roosa, 97 Gage street, Alonzo Crowell, 126-Broadway, Floyd V. Van Gaasbeck, 62 Ann street and John Henry Brodhead, of 56 West Strand, colored, all from Division 1, entrained for Camp Devens, Ayer, Mass., where they will become members of the United States Army, being regularly called. William D. Cashin, who resigned as a State Trooper, left for Fort Slocum, N. Y., this morning, where after a course of preliminary training, he will go to Camp Cole, Gettysburg, Pa., where he will join the tank service, for which he enlisted.

John McBee, colored, of East Kingston, from Division No. 2, entrained with the four from Division 1, for Camp Devens, Mass. All the young men were given comfort kits and Red Cross supplies.

Sharing the Joy of Life.

The only real happiness in this life springs from doing things for others, and nothing gives us greater pleasure than bringing our loved ones a box of candy, of which we are very fond.—Columbus Ohio State Journal.

EPWORTH LEAGUE
CONVENTION HELD

125 Delegates Attended Sessions—Ended at Noon at Clinton Avenue M. E. Church.

The annual convention of the Kingston District Epworth League which opened at the Clinton Avenue M. E. Church Tuesday afternoon at 2 o'clock and closed this noon, was the most largely attended in years, about 125 delegates. The district cabinet was Dr. R. E. Bell, district superintendent of this city; president, Rev. E. C. Tamblin, Jefferson; first vice-president, Mrs. Ernest Newkirk, Saugerties; second vice-president, Mrs. G. E. Libby, Woodstock; third vice-president, Miss Helen Robbins, Port Jervis; fourth vice-president, Miss Mary Bishop, Port Jervis; secretary, Miss Lulu Goss, Harspersfield; treasurer, Miss Minnie Teed, Margaretville; superintendent Junior League, Mrs. S. P. Hines, Kingston.

The program Tuesday after registration of delegates; Sacrament of the Lord's Supper; greetings by Harley Miner, president of the Clinton Avenue Chapter and response by Rev. E. C. Tamblin of Jefferson, district president; minutes of cabinet meetings, and group conferences were read. After report of the district president, papers on practical work done during the year were read as follows:

"Our League Ministry to the Old Folk," Miss Florence Kelly, Margaretville Chapter; "A Win-My-Chum Week That Won," Miss Millie Bush, Clinton Avenue Chapter; "General Efficiency Invades Our League," Miss F. Williams, Jefferson Chapter; "A Worth-While Watch Night Service," Miss Lulu Goss, Harspersfield Chapter.

There was a demonstration of Junior League work in charge of Mrs. S. P. Hines of Kingston, superintendent of Junior work; a question box in charge of the Rev. E. N. Hubbard of Margaretville, and departmental conferences in various departments in charge of district officers. In the evening beginning at 8 o'clock there was an evensong, led by the Rev. C. E. Metzger, followed by an address by Dr. C. E. Guthrie of Chicago, acting general secretary of the Epworth League. There was a large attendance; the speaker being listened to with closest attention, being an able orator.

This morning there was a sunrise prayer meeting between 6:30 and 7:30 o'clock in charge of the Rev. L. A. Tompkins of Jefferson Chapter. Morning devotionals and later the reports of committees on treasurer's accounts, on nomination of officers, on president's report, and presentation of Junior League work. A most interesting address was made by the Rev. F. H. Wright, for twelve years missionary to Italy. The report of committee on resolutions preceded the installation of officers and closing address by Dr. R. E. Bell, district superintendent.

FAGHER DIED AT
CAMP DIX HOSPITAL

Tuesday evening word was received in Kingston of the death of Frank A. Fagher in the base hospital at Camp Dix. He was a member of Company B, Medical Detachment. He left Kingston in June for Camp Wadsworth, and was assigned to the 51st Pioneer Infantry, and later was transferred to Camp Dix. It was not known he was ill in the hospital until word of his death was received.

He was a son of the late Henry Fagher, formerly of Whiteport, and after his father's death resided with his uncle, Adam Fagher at that place. He is survived by his mother, of No. 17 Clinton Avenue, this city, a brother, Henry, and a sister, Mrs. May Krom of Whiteport.

The young man was 27 years old, and had been employed as purser on the steamer Odell of the Central Hudson Line, before entering the service. He was held in high esteem by all who knew him. The remains are expected to arrive in Kingston some time today and funeral arrangements will be made later.

ALIENS NATURALIZED.

Twelve Granted Certificates by Judge Hasbrouck.

Twelve aliens were granted certificates of naturalization Tuesday afternoon at a special term of supreme court held for the purpose of examining applicants, by Justice Hasbrouck. The applicants and witnesses were examined by Dana White, of the department of labor, Washington, D. C. There were 16 applicants, of whom one was dismissed, two continued, one held open for 30 days, and 12 admitted. Among those whose applications were granted were Louis Singer, 60 Broadway; Walker Timothy Elston, 22 Franklin street, Kingston; James Tins, Port Ewen. Hereafter the examination of applicants for naturalization and action on the same will be on the first day of the regular terms of supreme court.

Change to special terms was made about a year ago because of the war.

Do Present Work Well.

Some people hunt more important work to do instead of doing the work they find to do. Any work well done opens the way to some task of importance.

Card of Thanks.

I desire in this manner to express my most sincere thanks to my many friends and neighbors who so kindly assisted me during the long illness and death of my beloved husband, and also express my thanks for the beautiful floral tributes.
